Java

CAREER OBJECTIVE

Software engineer with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. This quality and results-based approach drove me to collaborate with the VP of sales at Squarespace to create a digital marketing campaign that tripled average signups in a single month. Eager to obtain a challenging position at a prestigious company like Dream Version that will expand my learning and build upon my developer skills.

WORK EXPERIENCE

Sales Attendant

Decency Shopping Center

January 2018 - April 2019 / Office Work

- Re-enacted and oversaw the principle that led to customers satisfaction.
- Enhanced quality time and attention to ensure reputable customer's interaction
- Sealed a business normalcy with a distributor that led to the companies sales in a month.
- Created documentation to teach new team members company standards and best practices in React.js and Node.js. This shortened learning time by an average of 16 days.
- Addressed complex issues with real-time lead prioritization using Websocket connectivity.
